EMERY - BERRY

Miss Glenyce Ann Berry became the bride of Walter Everett Emery at 4:30 Sunday afternoon at the Methodist Church, Bethel. The bride is the daughter of Mr. and Mrs. Ralph Berry of Bethel. She is a graduate of Gould Academy and at present is attending Acadia School of Practical Nursing at Acadia State Teachers College, Presque Isle. The groom is the son of Mr. and Mrs. Guy Emery of Bryant Pond. He attended Gould Academy. He has been in the Air Force two and one-half years, being stationed presently at Loring Air Force Base, Limestone.

The ceremony was performed by the Rev. Dwight McMahon, pastor of the church. The decorations were: ferns, bridal wreath, narcissus and white lilies.

The bride was given by her father in marriage. Her gown was nylon lace over tulle with scalloped neckline. The finger tip veil fell from a lace cap with seeded pearls. She wore mits and carried a bouquet of white roses, baby's breath and ferns. The maid of honor, Miss Charlotte Philbrick, wore pink nylon sheer over tulle. Her corsage was blue carnations. The bridesmaids were Mrs. Mary Cobb, sister of the groom, and Miss Claire Berry, sister of the bride, who wore blue gowns of nylon sheer over tulle. Their corsages were pink carnations. Llewellyn Cobb, nee of the groom, was ring bearer. The bride's niece, Denise Berry, who was groomed in aqua sheer, was flower girl. The best man was Raymond Alfred Pinette of Berlin.

Francis Berry, Mark Freeman, Bartlett Hutchinson, and Jerry

Freeman, served as ushers. A reception in the church dining room followed the ceremony. Betty Lou York, Patricia Kittredge and Mrs. Myrtle Fickett served refreshments. Mrs. Bradley Stevens was in charge of the gifts and Judy Freeman circulated the guest book. The beautiful tiered wedding cake was made by Mrs. Emily Clement.

Mr. and Mrs. Emery are on a two weeks wedding journey to Washington, D. C. The bride chose for traveling a deep orchid suit with white accessories. Her flowers were carnations.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Beginning on Monday, June 17, the time for blowing the test blast on the air whistle will be changed to 12 noon. A red network phone and button are located in the Town Office. The test signal will be blown from the Town Office.

Welfare expenditures for the month of May amounted to \$144.97 for cases with a Bethel settlement. Three cases required medical assistance to the amount of \$24.97. One case requiring convalescent home care cost \$120.00. This amount will be reduced in the future as a grant of Old Age Assistance has been made to this case.

Bushes have always been a problem along the highways. This week two tractor mowers are at work mowing the roadsides. This has a twofold purpose, as it keeps the bushes down as well as having a tendency to improve the appearance of the roadside.

Sincerely,

Harold L. Bean

The Bethel Savings Bank corporators held their annual meeting at 8:30 p. m. June 12, 1957, at the Legion Rooms. Arthur Lincoln was elected a coporator to replace John P. Howe who was automatically ineligible by reason of residing out of the state. The present Board of Trustees and officers were re-elected as follows:

President Vachon outlined events of interest during the 85th fiscal year including: Home Protection Life Insurance Plan for mortgagees, established dividend rate of 3½%, new fire-proof storage vault and aluminum windows, and Saturday closing.

EAST BETHEL

Mrs. David Foster, Corres.

Alder River Grange No. 146 held a regular meeting on June 7 with 21 members and 2 visitors present for the business meeting. It was voted to send the lecturer, Mrs. Hilda Stevens, to the New England Lecturers' Conference in New Hampshire. After the business meeting the Grange was opened to the public for the program. Miss Elizabeth Clementson, Exchange Delegate from England, was the guest speaker. The Boys' 4-H Club were present as well as many others of the community to hear her speak. Miss Clementson spoke very interestingly about her country, comparing the physical features and the industries with what she had seen here. Then she showed slides taken of farming in her country. She also told of the differences between the educational systems in the two countries.

The Boy Scouts of East Bethel under the leadership of their scoutmaster, Henry Swan, went on a fishing trip this week end to the Rangeley region. The fishing was poor but the boys enjoyed the outing. Those who went besides the scoutmaster were George and Freddie Haines; Kenneth and Allen Ring; Merle Newton; John Foster and George Crockett and Philip Colledge.

Mr and Mrs Cleve Bartlett returned Friday from visiting relatives and friends in Boston and Methuen, Mass., for several days. There will be a Daily Vacation Bible School at the school house from June 17 through June 21. Mrs. Stuart and Mrs. Churchill of Rumford will be the leaders. The school will begin at 9 a. m. Please bring Bibles if you have them.

Pvt Edward Hastings of Fort Dix was home over the week end. Mrs. Florence Hastings, Miss Ann Hastings and Miss Elizabeth Clementson visited Mr and Mrs Al Bancroft at Cape Elizabeth during the week end.

Mr and Mrs Robert Hastings, Miss Ann Hastings and Miss Elizabeth Clementson attended the graduation at the University of Maine. Warren Hastings graduated in this class.

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

When you see a steep downhill stretch ahead, you set the selector at "Gr" (Grade retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

From the Vista Press, Vista California: Even the youth in the high schools today are discussing the huge Eisenhower budget in connection with the curriculum in the postoffice department.

Congressional investigations of the foreign aid program show evidence of extravagance, waste and loss of prestige for the United States, and in the face of these investigations no effort has been made to slow down the aid program nor to ease the tax burden on us, the people.

At the time of creation of the foreign assistance plan it was thought that the idea was good, and the people went along with the program. But now that it seems there is to be no end.

Were the funds administered carefully, together with a more conservative spending on our internal and military expenditures, there is no doubt but that our tax burden would be lightened. But our government does not seem to care to work in this manner. It seems that there are too many pockets playing at being financial wizards.

The foreign aid program was presumably established in an effort to sustain the growth of Communism, but statistics show that the Communists working quietly underground in the United States are

continually engaged in propaganda and securing converts, according to the annual report of the House Committee on Un-American Activities.

The report states: "The United States remains the major target of Soviet aggression; indifference to the Kremlin's avowed program of global conquest can lead only to the inevitable destruction of our free institutions, and ourselves as a free nation."

We are Americans; we only know and believe in the government of the United States of America, but through the heavy tax load imposed upon us, we are beginning to lose confidence in our leaders, leaders who through heavy taxation have taken away the right of small business to grow, and to dare who are sending billions out of our country only to earn the contempt of the recipients, due to the careless method of administration.

It is only human to look for a way out of problems. It is within reason to believe that we, as citizens of these United States of America, might, because of certain, fertile ground for the seeds of Communism.

Economic Highlights

Happenings That Affect the Future of Every Individual — National and International Problems Inseparable from Local Welfare.

A number of proposals for placing a ceiling on individual and corporate income tax rates have been made in late years. Some of these are phased in very general terms and say only that the maximum rate shall be 25 per cent, 30 per cent, or some other percentage. Others are highly detailed, and offer complete plans for the relief of taxpayers.

An unusually interesting example of the latter is found in an actual bill which has been introduced by Representative Antoni Sadiak of Connecticut, a member of the powerful House Ways and Means Committee which writes the tax laws. Mr. Sadiak, to use his own words, is "convinced that achievement of a moderate schedule of income tax rates is necessary to the continued vitality and growth of our nation's economy, and to the maximum advances to the standard of living of all our citizens." His bill would bring about major reform in the income tax structure and perhaps of even greater moment, it would exempt the big federal spending programs to complete against regularly scheduled income tax reductions.

The bill would project the reduction of each income tax bracket over a five year period. It is in effect to reduce the rate of the President and Congress, for post-graduates of not more than a year at a time should an unbalanced budget and deficit financing threaten the rate reductions could be slowed over five years.

On the taxpayer's side, every financial analyst would be heartily in favor of the bill which applies to the first \$1000 of net income would be reduced from 20 per cent to 15 per cent. When gradual reductions would be made to the progressive rates so that at the end of the period the peak rate would be 45 per cent as against the present 91 per cent.

There are some specific examples of what would be the effect of the bill. The first \$1000 of net income would drop from 20 to 15 per cent. The next \$1000 from 25 to 20 per cent. The next \$1000 from 30 to 25 per cent. The next \$1000 from 35 to 30 per cent. The next \$1000 from 40 to 35 per cent. The next \$1000 from 45 to 40 per cent. The next \$1000 from 50 to 45 per cent. New Homes Guide Plan With Oriental Influence

Architect Gertrude A. Weber might have had a Japanese teacher in mind when he designed this house, featured in NEW HOMES GUIDE magazine. But a good plan is a good plan, regardless of the touches that give it flavor. As a matter of fact, in some sections of the country these unusual doors and windows might be very expensive, with an exceptionally well executed interior arrangement and a two-way fireplace that extends out to provide a terrace for the terrace. Eastern charm of the home can be increased by using bubble light fixtures, oriental wallpaper and the like. Area is 1,641 sq. ft. Regarding blueprints, write NEW HOMES GUIDE, Dept. 1904, 821 N. Dearborn, Chicago 10, Ill.

NO IMMEDIATE RISE IN EGG PRICES EXPECTED

Latest predictions are that there'll be no real strength in the egg market before late summer. By late August or September egg prices are likely to rise to a level at least equal to those of last year. This upward trend is likely to continue through the turn of the year. That's the word from a poultry survey committee of the American Feed Manufacturers Association.

JUNE IS DAIRY MONTH IN MAINE

June Dairy Month is now being observed in Maine and the nation. Maine dairymen and the entire dairy industry, in cooperation with various interested organizations, are cooperating. The dairy industry in the United States began 260 years ago with the founding of the Jamestown Colony in Virginia. Dairy products of high quality are now readily available to all Maine people. Milk, ice cream, cheese, butter—they all contain the highest food values and are good buys for the money.
